Objective

An innovative and detail-oriented fresher front-end developer skilled in HTML, CSS, and JavaScript, with hands-on experience in React. I excel at creating responsive and user-friendly interfaces. I have a solid understanding of backend technologies like Express and Node.js, and I'm proficient in using version control systems such as Git. Passionate about both design and development, I'm eager to contribute to a dynamic team and build exceptional digital experiences.

Skills

- **Design:** UI/UX design principles, Canva, Figma
- **Languages**: HTML, CSS, JavaScript

Project Experience

STR ADVENTURES – MERN STACK   2023-2024

- Built a platform using the MERN stack, with secure authentication and a user-friendly interface.
- Created intuitive user interfaces and user flows, starting with wireframes to ensure a smooth user experience.
- Applied responsive design techniques for optimal usability on all devices.
- Collaborated with back-end developers to integrate APIs and enhance user experience.
- Used code splitting, lazy loading, and efficient state management to boost performance.
- Managed code with Git to ensure organized and timely project delivery.

Tools Used: Figma, MongoDB, Express.js, React, Node.js, Git

Education

BACHELOR'S IN MATHEMATICS   2018-2021

MASTERS IN COMPUTER APPLICATIONS   2022-2024

Project – A tour and travel web app using MERN STACK

- **Libraries/Frameworks:**
  Tailwind, React.js, Node.js,
  Express.js

- Git/GitHub
